

PUBLIC MEETING NOTICE

WHAT: Construction Open House about the Planned Moon Rd and Bemis Road Roundabout

WHEN: Thursday, May 17, 2018 from 6:30 - 8 p.m.

WHERE: York Charter Township Hall, 11560 Stony Creek Rd Milan, MI 48160

BACKGROUND: The Washtenaw County Road Commission (WCRC) will be installing a roundabout at the intersection of Moon Road and Bemis Road on the border of York and Pittsfield Townships. The roundabout will be similar to the one built at Ann Arbor-Saline Road and Textile Road in 2016.

It is estimated WCRC and its contractor will take 3-4 weeks to build the roundabout, weather pending. During this time, the intersection will be completely closed to traffic and a detour will be posted. Construction is expected to occur this Fall.

Once the construction start date has been finalized, WCRC will issue a media advisory, post on WCRC's Facebook and Twitter pages and include the date in the WCRC Weekly Road Work Update email.
