

Welcome to the York Township 2017 Residential Survey

This is your opportunity to help determine the future of York Township!

The York Township Planning Commission is in the process of updating (as required by State law) the Township's Master Plan. Every five years we look at the overall plan for the Township to ensure the current and future needs of our residents are being met.

Data from this survey will assist us to set a vision for York Township, and guide the decision making process for future use. Input from you is important in setting priorities for protection of agriculture and rural areas, parks and recreation usage, as well as commercial and residential growth .

Please complete the online survey or obtain a paper form at the Township office and return it to the Township office by September 30th 2017
